Dear Savi,

I have not the blues
this morning do you know
why? well it is because I
have the bright hope of hearing
from you. It not this a
beautiful day, how I would
like to take a ride in the
country; indeed we will have
a persnace ma to go.
You go before this Spring
is over, I know I would
enjoy it. (now don't say self)

I am so afraid that
you did not enjoy your
walk last evening. I know
I am so dull but will try
to do better. Tril Desperandum

I made my first
visit to the Hon. Body, Legislature
