Dear Susie, I thought maybe I
would hear from you this morning
but as I did not write to
you, I reckon you would not
to me, Oh! how much I would
have liked to have had a note
(if only a short one), I was quite busy
have just returned from dinner
looked in post office but "nary"
note! have been thinking of you
so much, why did you not write
but you are a good Susie even
if you did not write, maybe
you were busy too,

What a fat run
walk this evening, I hope it will not
be too much trouble for you to
get your hat, (as Willie would say
your hat)

Well dear Susie, I
expect you will not answer this
until to-morrow, will you do
in this, if you say yes I will
say good bye

I am your affec
tionate
