

"Store" 12 N. July 27th 1872

My dear Dashi,

I wonder if little Sumi
couldn't like to have a letter note from
big Mank, and if big Mank's will
receive a big note from "Pete"
well I hope she will, but I am
a afraid you are so busy there's you
can not spare this time, what are
you doing with young this morning,
having a nice quiet time;

Sumi you
do not know how much I enjoyed
this walk last night, I enjoyed it
as much as I ~~was~~ could enjoy
a Wole this morning, (on the evening)
wonder if I will see you this evening
(night), hope I will get over early,
Did Mr. L... come
this morning?

Good bye, Sumi

I am your Affectionate
Friend
Mank
