Dollor it is our desire that either those Sections may be confirm-
=ed or that some proper clause may be inserted in a new Bill that
will effectually prevent the Success of such Villainous attempts, as
our Sole design in leaving them out was to shorten the Law as
much as possible, on a presumption that as it has now subsisted
fifteen years there could not remain any room for evasion
about debts contracted before that time. We do not insist on
Baltimore Warehouse being Superseded altho' from the Situation
=ation we have we think the Situation of it is extremely incon-
=venient to those who may be forced Tobacco there if that the
Suppression of it would be attended with very little Injury
to the Inhabitants. We apprehend that the expence of Storage
as it is now regulated is too great. I recommend to you
the forming a clause in the new Bill by which the
clergy and others may not be compellable to receive a Trans
for in Payment. after three Months from its date To the
first fifteen amendments that you propose and the Twentieth
we have no Objection nor to the nineteenth so far as it relates
to Cage rules

++

Dollars. It was our intention when we proposed to
insert Sterling throughout the Law instead of Currency to rate
Dollars at four Shillings and Sixpence each and to make them a
legal Tender in discharge of Sixty pounds of Tobacco to all
persons who should under the proposed Act have a right to receive
either Sterling Money or Tobacco so that the People in a clause to
this purport in stead would not with regard to the payment
of Officers Fees of the Thirty Pence have the least reason to be dissatisfied
and if you think fit to regulate the Inspectors Salaries in
Sterling payable also in Dollars at four Shillings & Sixpence each
we shall readily agree thereto. If Gentlemen upon consideration of
what we have now offered you shall be of opinion that a Law framed
agreable to such of our amendments as we adhere to / of which
the regulation of
what relates to Dollars is one / and such of your proposals as we
agree to will be advantageous to the Inhabitants of this Province
we shall be ready to appoint some Members of this House to join
some of yours in order to frame such a Bill or to recast such
a Bill for our House
