 Doctor Dindley who is select of the
 County, represents to me that the
 people are willing to send themselves
 and from the accounts I have from Essex
 County they ^{too} are ~~too~~ equally inclined
 to defend their Country -

104 What I can do on the occasion
 you may be assured shall be done
 I am determined on it and if in the
 heat of zeal I may advise any extremity
 out of the strict line of the Law or our
 Constitution I hope I shall be excused:
 as to Cabemitude from hardy that
 they will need no apology or Justification
 my Plan is to have a respectable
 body of militia armed and assembled
 immediately and I hope no coward or
 Tory or ~~any~~ Traitor will be able to
 show his head or give any objection
