arming our Troops, we have not been ashamed to apply to the same quarter for our daily subsistence.

We are with the highest Regard and respect

Sir,

Your Excellency's most Obedient
and most Humble Servants

Dan.l of St Th.s Jenifer.
Dan.l Carroll

P.S. By an express that was to have set out yesterday afternoon to Head Quarters (but did not go off till this morning) we transmitted to the General a Copy of the President of the Senate and Speaker of the House of Delegates Letter to us & doubt not but he will do every thing in his power towards relieving Virg.a & Maryland from their present distress.

If the Embargo Act is not already repealed we think the sooner it is done the better

We do not know what has become of Mr. Pain.

Since writing the above, Mr. Carroll has informed me that he is about to set out to take the Country Air for two or three days, in his absence our State will not be represented. Be pleased to inform Mr. Hamilton & Mr. Potts that one of them might immediately to attend to Congress.

I am dear Sir
Dan.l of St Th.s Jenifer.
