The mency being in the and a request to have the Militia in Leading of Threater would give me pleasure to have them mount a condition as would promise whooped support from them with our being without the means of supporting my humber of men with provision, no one in the part having any to despose of and great number to be in many with brief brief and the greatist part harvest This added to the deplorable state of four maney, that of there was a plenty would at this the be hardly able to promise any awing to the want of confedence that everyone seems now to intertain of it Together with the ARCHIVES Martino of ling roces that surround us on all MARYLABEL Des purchasing up Land, Regross, Jeb, and every thing they own lang their hands on, at mantick thoughts can I not have suggested. When I consider there things, and know the only chance the bulk of the People have for the
