Edward Lloyd Esq.

Sir -

143

In the petition
for a Pardon of Adam Ashpach - I beg
leave - to Certify that Betsey Reinecker
whose deposition is filed as one of the Exhibits
with the Petitioner - was examined as a witness
before the Court in Ashpachs case - and
that no objection was made either to her
competency or credibility - and further I believe
the Deposition exhibited to be substantially
what was sworn by her in Court as far as I
can recollect - And further, that I am and
always have been of a decided opinion that
he is innocent of the Charge laid in the
Indictment - It may be said I am prejudiced
in this Case - I think I am not -
If the Governor should grant a Pardon -
I think - it is a case that justifies him -
with high consideration &c
