

On Sunday the 25. the day after the
publication, Dr P. foundly heard from Dr
W. that Dr P had been in his company,
between 1 + 2 o'clock - shall advise to the
hereafter -

The search was continued through
the week - up to Monday the 30th -

And although the friends of Dr P had
occasionally heard that Dr P was seen
in diff. places - at Salem & elsewhere -
that they finally proved groundless -
So far as the East know, Dr P. has not been
seen or concerned with since he entered the
Medical College.

The search was thorough & complete
- On Monday & Tuesday there was a search
at the college - the Museum of the
School & Dr H. rooms will be soon
combed again - it was merely formal
- no suspicion then being attached to Dr H.

On Friday the 30th - in the vault of Dr P.
being seen found the broken parts of a
human body corresponding in general appearance
with the body of Dr P. With them
were found certain towels bearing the
