

to keep them completely free of the
blood - The pants were wrapped up in
cardboard by an officer. I think the shirt was
a knapsack with silver handle & sheath was
found on - I also was present when a
shoe was found - it was a small shoe - the
blade of it 10 or 15 inches. Prints of blood
on it - of the thumb & little finger. I was
not present when the feet boots were found.

Furrows after noon were up the
I wanted a pen. I asked an officer, he took
to Littlefield. I followed him, he found boots on
a steel pen, & then another thumb I tried to
read but think I could write with. That
seems to be made of a sort of wood.

I was not present when any
bones were found.

I was present when Dr. L. put
the limbs together by Dr. Lewis. I think this
was Monday. The general appearance
of the body was about that of Dr. P.
He was very thin - He was about 6
inches taller than a man whom I think
to be 9 3/4 - He was straight - He was
