

Mrs. Martha Moore. wife of Calvin G. I knew
Dr P. by sight. I did not see him on
Friday the 23^d. - I rec^d having told George
my son to go to School that day. There was
a letter from 2 o'clock. George was at the house
of friend Miller & on the side walk.
I rec^d the afternoon by it being late for
Geo. to go to School. he was not doing any
thing. I can remember in the street. I told
George it wanted to wait to 2 & told him I
was afraid he w^d be late. The window was
open. I had just looked at the clock. George
had & said he w^d go to School.

My attention was called to this within a
week after the time.

X George attended Phillips School - always beginning
at 2 o'clock. This was the only occasion
when I have been afraid he w^d be late.
I fear this to have been Friday 23^d. I
talked about it afterwards within a week
Geo. told me he was Dr P. the day I told him
it wanted only to wait to 2. he told me so
within a week. - I do rec^d that I did
see a team in the street at time I told
Geo. it wanted to wait to 2 o'clock. - I know
it was Friday - & the 23^d Nov. - & waited
to wait to 2. Can't tell to whom I
first told this - nor to whom I told this
last before I came to testifying.
