

Paul Holland. On the 29<sup>th</sup> Nov last I left Greenham a corner of Van, & Hopson Str. I saw Dr P that day. He came into my place between 1 & 2 o'clock that day. I showed him some paper to. He stopped him about 15 mts - Made a small pouch which I gave to him when that afternoon to his house 32<sup>th</sup> St. & 6<sup>th</sup> St. of butter - the bundle in a paper bag with him. - He had but very little to say to me. He talked with another person while I was filling of things. After I said to be asked permission to have the paper bag for a few or for five minutes. He gave no answer about the things. I said I would send him to his house in the afternoon - He said he would call for the bag - He addressed me but did not hand over to me as he spoke to me. He came up to the counter & asked permission to have the paper bag for a few or for five minutes - When I proposed sending of the things in the afternoon he said that would do - The bag was not called for, it remained till evening, when I opened it & found it contained green letters.

I had an Labrador afternoon of his hair, unjust. I had it from Harvey and others.
