

Calvin Moon was in the store when
Dr P was in there.

The paper bag remained in my store
the best day when Verily came there. It
was not taken away by him, but remained
till I left.

I had a clerk in my
shop, but he was not there at the time.
My clerk had gone to dinner, he came at 1; &
I went at 2 o'clock - I don't recollect how

long after Dr P. left before my clerk came back.
My clerk lived in New St. I don't recollect
Dr P. did not appear to be in any hurry.

He had black frock - solin vest & dark
panty & black cravat.
