

Dr. Nathan C. Kees. — I am a surgeon, dentist, & have been nearly 30 yrs. Am a nephew of Dr. W. Lewis Jr. — I make Mineral teeth & attend both to Natural & Mineral teeth constantly. I knew Dr. Geo. P. I knew him as early as 1822. I was then a student with Dr. Randall Dr. P. was then there. He was senior both to Dr. K. & attended him; & after he was well he was open to Dr. K.

As early as '25 he employed me as his family dentist, & as far as I know when he has been back again he has applied to me.

A block of Mineral teeth were shown to me by Dr. Lewis, on my arrival Springfield in the Eve on Monday after Thanksgiving, before 1 + 2 o'clock. I did recognize those teeth as teeth I had made for Dr. P. in 1846. The teeth now shown me on the same show a set by Dr. Lewis & I then recognized.

Dr. P. mostly has very peculiar in human respects — differing in the relation existing between the upper & lower jaw; which made it so peculiarly that the imperfection upon my mind was very distinct. I remember the peculiarities of the lower jaw with great exactness. The circumstances connected with those teeth being ordered were very peculiar, & I found before when he was alone ordering
