

For Judge Merrick

The conduct of the Officer, Clapp especially should be commented on - going 3 times to my house without warrant - breaking open trunk - Distorting & seizing upon every trifle - as - old pair of slippers on which a red spot immediately pronounced blood & hair! On examination by Dr Wyman proved to be sealing wax & cuttings from a camel's hair brush! Being I kept a solution of sealing wax in Alcohol to apply to apparatus & corker & the little brush had been cut shorter.

Dr Chas Jackson harts & needles to call all stains blood - shown by Dr Wyman to be tobacco stains!

Dr Jackson's exclaiming that penic had been applied to the throat found - shown to be wrong &c by Wyman's showing the hair on it not singed &c

Determination of L - J thinghey & Police to get the new and distinct every thing thinghey even went to my house & took up cellar floor - Ask Judge Fay
