

For Mr. Latham

2

Latham kept the bills & one or more was receipted, but as Carter had made a mistake in sending a bill of one year which I supposed had been paid in advance, I would not pay it again.

Carter then wrote that being in want of money he had got it of Latham & given him these bills as I declined paying the one again to L - & told him I would see Carter. L - was very angry & impudent. The act was settled with Carter & the C. B. C. bills I received has, the others Mr. W. Carter's letters & my statement of what I thought to be the correct act are among my files.
