

came safe & alive from
the H. E. Indies to Eng^d a
much longer time^d

On Thursday evening at
dinner table I said I
would have a tin box made
& put the plants up on
Monday - & that I had
intended to have a good large
one - ~~Myself~~ said

On Friday 30 I told
them I had ordered the
box to be made & to finish
its being done at once, I had
told the man I might wish
to send it off by a vessel very
early, perhaps Mon. or Tues.
Now W. said "It's just like you
when you make up your mind
to do a thing you do it at once"
