

The report that Mrs Bent
had seen Dr R I had from
Willard Lamb. & he had
just got it from Crobridge
of Lamb.

I often had samples of articles
soap, oil, copper, wines &c
sent to examine & the persons
often sent me a quantity
after - as a remuneration
&c - Mr Lewis sent me an
elegant curved lamp for
examining oils &c for him
besides paying me a fee -

As to my not showing anxiety
about Dr R the friends know
I did & spoke often of it
on Sunday & was desirous
to go in every week, but they
thought he would have come
back & so did I - I hurried
through dinner to go -
