

Which doors below ~~did~~ 3
street level?
which were fastened?
to the outer only

Door from street into
dipping room entry
L - always fastened
himself

^{brof}
The key of the door
from dipping room entry
into the part of the
lower laboratory
occupied by L & J

key held by door
^{inside L's study room}
I would put other
locks

I trust you will have seen
to C I Jackson on
tobacco stems - Ental now, it
will enable all the profusion
