

4 I gave L - last year
a sleeping gown I had
used some time in the
late & other clothes

Children I know I send
the new ones on the
ice summer & late
in the autumn in the
garden -

Probably I know also as
he often came to the
house & finding me
out in the garden at
work would come to
me for orders - his
brother has been em-
ployed by me for years
Perhaps this one knows
my habit of giving
turkeys at Christmas to
several persons & sending
them by him
