

Dr Cunningham & Mr Lee
the former Librarian can
testify I did often stay till
9 o'clock before their winter.

I never had a key that
would open ^{all} the doors - if
any of the skeletons, it
is unknown to me & I
never applied one to a lock.

Did Dr W ever ask you
to do errands or jobs for him
in the summer when not
employed at the college

Do you keep a waggon for
jobs - in Tremont St -

Did he ever give you any
note or letter in the street
to take for him
