

kind of tacit stockings - also for
a Georgian kind of straw hat
& other things. All these articles
are exceedingly cheap in their
prices - and bring a higher price
here - This was a source of some
profit - but, as you must perceive
it would be exceedingly unpleasant
to have it published to the world
that the more any thing by
these means. I also gave ten shillings
& the being very prudent & knowing
I was careful, laid by money &
had it on hand.

As I had been called on to pay
some banking bills I had to
be sent of the money I had
laid by for Dr P - & on Wed. 21st
morning when Mr. P. of the
court told me about 300 dls
that I might settle with Dr P -
she said yes - & after I had

checked came into the
checking room & gave
it to me - The checks were
in their room & must not
collect it - Also I told Mr. P.
on Sat's night on going to bed
that I had heard Dr P - she said
that I had seen in the Trans -
with a notice that he had
disappeared - The excitement
I hope you got his receipts -
for your money - I said I had
got the notes.

Monday after breakfast one
poker of this & the said "There
had your name, or paper, been
got his receipts."

If it is necessary to see them I
hope the fact about the profit
in the articles need not be alluded
to. I will soon inform you to
know Mr. P. for particulars

Respectfully
Wm. W. W.
