

the most full respect of all their
investigating. vice versa.

3. All the ventilation which is now
seen might have been occurred after
death -

Apply the rule, that the theory
opened some evidence to a theory
admitting every other hypothesis.

Take the witness story of Lord of
violent personage - Porter on Crim. Ex. 12.

"A man is suddenly found dead in a room
" & another is found running out in haste
" with a bloody knife."

4. See again as to that part of the
ventilation caused by the fire, as it happened
of the small person -

Was that the cause of the
death? or was that ventilation subsequent
to the death?

Why the wrapping was the
other ventilation before

Apply now the rule before stated
