

to explain what the Govt impute to Dr - is  
great irregularity of conduct - & very unwillable  
agitation & disturbance of feeling on different occasions  
as testified of by diff<sup>r</sup> witnesses -

Wise - J H Blacker - Monday afternoon  
E Littlefield Sunday evening - & during week - Tuesday  
S B Fuller " " at Cambridge  
S Parkman Blacker Monday morning  
at the Govt after arrival at the College

Shoulda Engering be made of Govt - by way of  
argument, what became of the money Dr W. alleges  
he paid Dr P. if he failed him & afterwards  
declared on Councils and Colleges & effects obtained  
- the answer may be, there as we are on  
this point arguing upon a mere hypothesis of  
homicide, & as there is no evidence on the  
subject in the case, Dr W. cannot in such  
circumstances be better required to expect to make  
any explanation.
