

But the Govt must show also that the death was occasioned by violence - by the agency of another person.

To prove the 1st proposition viz that Dr P. was dead, the Govt will show

1. That certain remains were found in the jury vault - the box chest, as among the articles of the furnace -

This will not be denied by Dr W., but the Govt will be put to proof of their identity with Dr P.

This will be attempted by the Govt by the following means, - as follows. -  
Identity of the Remains with Dr P.

- a. By the circumstances disclosed in & by the medical examination, as that the remains correspond in size, form, shape, height, & colour of hair with Dr P.

Dr's reply to this - nothing of much or practically about remains to identify them or distinguish them from others -  
Dr Sewing relied on to obtain this reply

- b. + The teeth - especially the exact correspondence of our blocks of mineral teeth to the mould made for Dr P. by Dr Keop.

Dr's reply to this is - the unsatisfactory

\* How can Govt claim that the identity of the teeth & more than the identity of persons who saw Dr P. - while they claim that the skin is only a circumstance & a certainty while the type of the person himself is an uncertainty.
