that it might be felt in the entry to such
extent as to create an impression that the
building might be on fire.

H. again with respect to this small person
suspecting circumstances that the small cup
ambrosia ~~should~~ have been found in it?

Dr W. Surely could not have put there
there - Somebody else did - who was it?

I. But why should Dr W. use the small
person, obviously wholly unequal to the capacity
of the great person to consume the body, when
the latter was in constant use?

K. incredible that Dr W. planned the removal
of persons of concealment when they were
found, when he had ample means of
their utter destruction.

1. By cutting them all to pieces & throwing them into
disputing vault. - vide Dr Almsworth as to key git.

2. By chemical means which he had at
his full command.
