

3° And the imperfect use of polack as a consuming agent, proves the same effort of this kind has been made which can not without violence to all probability be attributed to a person of the knowledge & means of Dr W.

L. Dr W. would have made the building absolutely secure at all times, if he meant to keep the body secret by such means

Note, the repeated (2) }

 police. }
 I get it was entered several times
 - Sam P. Blake got in by Mrs L
 & James Perkins was let in by Littlefield
 Littlefield got into the window on Wednesday
 got the windows his fastenings at the
 top - which Dr W. did not avail himself of
 Mrs. Littlefield heard him in Saturday or Sunday
 morning when Dr W. was coming to home

M. The remains in the vault were not placed directly under the hole of the spring - doubtful if Dr W. could place them when they were found for the top of the hole -

(Look carefully to this.)

also when first the small drops into the sewer -

on at in the
