

11.

Miscellaneous Matters. —

1. No discovery has ever been made of any of the articles of Dr P; personal apparel — The single burnt pearl shirt button found in the cinders of the small furnace cannot be considered an exception.

No search has been made elsewhere. If I am guilty he has successfully averted all search from his premises.

Nothing has ever been found on Dr P. although every thing of his has been searched & seized.

2. The Seizure of all Dr W's papers at his rooms in the Medical College —

3. The fact of the Searches by the Police on two different occasions demands special consideration.
