

May did I intend "to fix the fever" Friday night
the 23rd? There was to be no lecture on Saturday. What
was the state of the weather at that time?

Notice the extraordinary particularity of I doing
the open work & rooms of this day.

also as to Saturday - being I: "dressing day". Conscious
that Dr. W. who knew that fact showed every himself
to suspicious by closing the doors as he was was
before. Why, if I had no suspicion, did he
try to W's door open that evening

Sunday. If I had no suspicion, not to
do in the rooms of Dr. W. how he he he
tried the doors that day

note that he says he saw Dr. W. coming from
the library across the college after the set & had a
conversation with him - But it is not clear that he
found that Dr W was at the house with his
family in Cambridge

Littlefield writes nothing seems to connect
Dr. W. He recollects that Dr. W. "was a two before
Dr. P was writing" then he was the "long knives" when
he says Dr. W said he obtained the cut letters with &
