

File No. 46845

Baltimore, November 26, 1926

Mr. Charles F. Coob
Mechanical-Electrical Engineer
City Hall
Baltimore, Maryland

Dear Sir:

14225 Apropos of your communication to me of the 18th, inquiring if it is necessary for the American District Telegraph Company of Baltimore City to secure a franchise from the Mayor and City Council of Baltimore for occupancy in the municipal conduit system, I enclose report to me on the subject by Allen A. Davis, Esq., Assistant City Solicitor.

I concur in the report of Mr. Davis, and you will please be controlled by the conclusions therein.

I express the opinion in concurrence with Mr. Davis that the privilege sought by the American District Telegraph Company of Baltimore City to place its wires in the municipal conduit system is in the nature of a franchise from the Mayor and City Council of Baltimore pursuant to the charter.

I return herewith paper enclosed with your letter.

Very truly yours,
(Signed) CHARLES C. WALLACE
City Solicitor

W/H
Encl.
