THE AMALGAMATION OF LANGUAGES .-- There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by 16 common usage until they seem "native and to the 18 19 20 21 22 23 manor born."

Head-13 aches may be classified under two names, viz : 20 | Symptomatic and Idiopathic. Symptomatic Headache is exceedingly common and is the procursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting Sick Headache, of hepatic disease constituting Bilious Headache, of worms, constipation and other disorders of the howels, as well as renal and uterine affections -Diseases of the heart are very frequently attended with Headaches; Anæmia and plethora are also affections which frequently occasion headache -12 Idiophatic Headache is also very common, being usually dis inguished by the name of Nervous Headache, sometimes coming on suddenly in a state of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temp r. In most instances the pain is in the front of the head, over one or both eyes, and sometimes provoking vomit-21 ing; under this class may also be named Neuralzia.
