THE AMALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularize. in connection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as com-

THEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified under two names, viz Symptomatic and Idiopathic. Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all sebrile diseases. In its nervous form it is sympathetic of disease of the stumach constituting Sick Headache of hepatic disease constituting Bilious Headache, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections .-Diseases of the heart are very frequently attended with Headaches; Anæmia and plethora are also affections which frequently occasion headache -Idiophatic Headache is also very common, being usually distinguished by the name of Nervous Headache, sometimes coming on suddenly in a state of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances the pain is in the front of the head, over one or both eyes, and sometimes provoking vomit-Well known and much respected among the German popu- | ing; under this class may also be named Neuraluia.
