To further to maintain the issues on his part the plaintiff offered in Evidence by the said Henry Ward that he has known the defendant from his Childhood and also known Thomas Lord, was present at the Execution of the power to confess judgment in favor of Thomas Lord by the defendant. Mr Edward Long was also present and drew the said power, at the time of the Execution of the said power Mr Long told the parties to Wit. Lord and Riggin that it would have no bearing unless Lord as the payments could not be taken up at that time. He further testified that afterwards and before the said Deed from Riggin to Money was executed, said Riggin came to Witness's gate, which is four or five hundred yards from his Riggins house. He seemed to be in a great rage and said to them (Witness) If Thomas Lord don't mind I will serve him a slippery trick. Witness said he did not want to have any contest with him when he thought a desperate man and he turned and left without any reply. Witness further said in his examination in Chief that he had never seen Money exercise any Control or ownership over the property whatever but that Riggin had lived upon and owned it as his own, that he seen Money there the day when the deed was executed and since afterwards at the launch of a Vessel, when many other people were there and that with these Exceptions he never saw him on the premises.

The plaintiff further to maintain the issues on his part offered in Evidence by Isaac Stirling a competent Witness that Emery Riggin the defendant at the time of the Execution of the said deed to Money and before was indebted to him in the sum of $92 for which he gave him a Note after the Execution of said deed. That he and further indebted at the time of Executing said deed to one Worthington Powell deceased in the sum of $200 for which this Witness was responsible as Security. That this debt had been standing for some time and was paid by this Witness shortly after the application of said Riggin for the benefit of the Insolvent Laws of this State, and when paid it amounted to $272 That about three years ago he sold and transferred these claims to the said Thomas Lord without recourse and that now he has no claim against said Riggin and is not interested in the Event of this Suit. And the said Witness further testified that about a Week or ten days before the Execution of the deed to Money to defendant, Witness and defendant were riding together in their way home from Princess Ann. Defendant asked Witness if he knew any better Satisfied than when he came up. He replied that he did, and that if defendant and Thomas Lord would compromise all things would come around right. At the Meeting of Lords and the defendant Sent for a Robert Pressman and told he would never compromise with him. He intended to get and build as many Boats as he had done, in spite of him they had got him so he could not borrow any money and he would have to make a Friend and his Friend would have to help him. On the day the deed was executed Witness went to Defendants house to get him to work for him, He asked if he was ready to go to Work for him, defendant replied that he was ready Then then "they could not hurt him now" He had sold and conveyed his Land. Witness enquired to whom. He replied "to Joshua P Money Sen of Wm" He then asked if he gave a Bond or a deed. Defendant replied I gave a deed I thought that was best. I then said, well you have a back bond "he replied Yes indeed" that I have "I asked him how long a time he had to pay it in" He said 4 years Deal you think I can pay up in that time or not I" I replied "I hope so, He then said Deal you think after I have paid up I had better let it stay in Money Hands or had things cool off He had it now and he further testified that after the execution of the said deed he never saw Money to exercise any control over the property, But Riggin occupied it just as he had always done.

The plaintiff further to maintain the issues on his part offered in Evidence by William H Somers a competent Witness that Seven years ago he purchased a House from the defendant which was situated in the premises mentioned in the declaration. He stated that he heard that Riggin wished to see this house and went to see him about it. Riggin told him that he wished to raise some money and wished to sell this House, They bargained for $70 and Riggin agreed to move it off Lots and premises in Witness Lands. This he did and Witness paid him the money He then knew no Body and heard of no Body in the Control but Riggin. He further states that he has known the said Lots for many years. Long before the deed to Money. That he lives within a mile thereof and never has seen Money there exercising any act of Ownership. But has known the said Riggin to occupy and use it as his own during the whole of said time.

The plaintiff further to maintain the issues on his part joined the wife of John H Moore and then offered to read in Evidence to the Jury the interrogatories propounded to said John H Moore and the proceedings of the said John H Moore taken thereunder a commission issued out of Somerset County Court as a Court of Equity to Samuel W Jones commissioner to take testimony in a cause depending in said Court between Thomas Lord Henry Ward Joseph B Brinkley and John H Hall partners trading under the name of Brinkley and Hall as a Wallace H Wales trustee for the creditors of Emery Riggin Complainants and Joshua P Money and Emery Riggin defendants and for the purpose of showing that such deposition was admissible in Evidence in this cause offered to read the Bill and answer and the proceedings thereunder as such cases,
