Cross Examined by Mr. McCulloh

I have known Dr. Whittaker for the last 10 or 12 years from all that I have heard and known of him for the last 6 or 8 years I have had the opinion which I have just expressed.

Question. Were you on friendly terms with him before you formed that opinion?

Answer. I have never had any difficulty with him until within the last twelve 12 months.

Question. Was that a difficulty in which his pecuniary interests were concerned?

Answer. It was a matter of mixed property in which Dr. Whittaker took advantage of me in a point of Law. I had applied to become permanent trustee of Elias Thompson for the Curtesy interest allowed to Thompson by Baltimore County Court in Equity, and I had published my application in all the papers and Dr. Whittaker went round unknown to me and got a majority of the creditors (they not knowing that I had applied) to recommend himself for trustee and took the business out of my hand.

My opinion as to the Credibility of Dr. Whittakers veracity had been formed long before this transaction which had nothing to do with my former opinion as to his veracity.

James Hagerty a witness of lawful age produced on the part of the Complainant being duly sworn & exd by Compltt deposes as follows.

I knew John Lamb. Saw him at Mr. Keys think it was about Christmas 1845 at that time I went in to see him at the request of some of the family as I entered the room Mr. Keys spoke to me and Mr Lamb then raised up & shook hands with me I then spoke to Mrs. Joyce his daughter who was sick. After some length of time in conversation with Mrs. Joyce Mr Lambs mind went away from him whilst I was in the room and he could not converse with me I saw him again at Stansburys about two months before he died his mind in the same state it was before that as far as I could judge his mind was so far gone that he could not converse.

Cross Examined by Solr for Defts

Mr Lamb could not converse or talk, I do not know whether he was subject to paralysis, when I first entered the room Mr Lamb spoke to me, shook hands with me and then sat down after that I do not recollect of his having spoken a word.

Re Exd by Solr for Compltt.

I believe that his mind was injured which was the reason that he did not talk.

Christianna Bierman a witness of lawful age produced on the part of the Complainant being duly sworn & exd by solicitor for Compltt deposes as follows.

Mrs. Stansbury told me after Mr Lamb went to her house to stay that Mr Lamb was out of his mind before they took him from Whittakers and was so still, this she told me after Mr Lambs death.

Mr. Stansbury also told me the same thing after Mr Lamb died.

I have lived with Mr Stansbury 6 or 7 months as house servant I recollect that the old gentleman always said that he intended that house should always support his (Lambs) second wife heard him say so from the time of his son Johns death his second wife died about a year & a half before he (Mr Lamb) died the Conversations of Mr Lamb occured before this time.

Question, did you not state to Mrs Stansbury that you had frequently heard Mr Lamb say that after the death of the second wife he intended the house for Mrs Stansbury?

Answer I am sure I never did state so to Mrs Stansbury I now live with Mrs Davis in French street just below Mr Gelbacks I do house work there Mrs Davis husband keeps store a kind of shop I never have had any other Conversation with the Stansburys except when they sent for me, I do not know what I answered to Mrs Stansbury, Mr Lamb asked me whether Mr Lamb did not say that he meant to leave the house to Jane. I do not recollect what I answered but I did not say that I had heard Mr Lamb say that he intended to leave it to Jane Stansbury I thought it very Strange that they should send for me to ask me such questions after they had treated me so scandalously they treated me scandalously not by ill usage but I have been told by the neighbors that they have spoken ill of me they called me a thief and every thing bad they could call me they did not treat me badly whilst I lived with them.
