

on Board Bark Mrs Barker & off North Cape we

Bound in manganni

Thursday August 27-1808

The first part of the 24 hours wind from the N. E. was lying too under a close reef main topsail. Latter part blowing a gale from the N. E. we were lying too under a close reef main topsail. We lighted a sail to windward of us & so

Thursday August 27-1808

The first part of these 24 hours blowing strong from the N. E. we were lying too part of the time under a close reef main topsail. We lighted the 3 Kings & one brig in sight & so. Middle part pleasant & we were under double reef topsail & carried full & spunked & C. & trying to get the latter part pleasant & we made all sail & still thinking to manganni & North Cape in sight & so

Friday August 28-1808

The first part of these 24 hours pleasant & we had all sail set & thinking towards manganni & North Cape in sight & so. Our men have been employed at ships duties & so. Middle part pleasant & about calm & we were under all sail trying to get into manganni by the latter part the same only calm & we were in sight of manganni being calm we could not get more & so our men have been employed at ships duties & so

Saturday August 29-1808

The first part of these 24 hours pleasant & calm & we were under all sail & trying to get into manganni. Being calm we could not & so a tiger shark & so. Middle part pleasant & about calm & we were under all sail & trying for manganni which is a head & so far off & so. Latter part pleasant & we were under all sail & we got into manganni & anchored about 7. A. M. & so

on Board Bark Mrs Barker & lying at anchor in

manganni

Sunday August 30-1808

The first part of these 24 hours pleasant & we were lying at anchor in manganni & employed at ships duties & so

Large Scale

Sunday September 6-1808

The first part of these 24 hours pleasant & about 6. A. M. we weighed our anchor & put to sea & our men were employed at stowing our anchor & so. Middle part pleasant & we had all sail set & so. Latter part pleasant & we were not far away from land & our men were employed at stowing down our cable & washed our decks off & so

Monday September 7-1808

The first part of these 24 hours a good breeze from the N. E. & we were on the starboard tack by the wind. Middle part it kept breezing on & it looked threatening & we had a squall from the N. W. & we handed about all of our sail excepting our main topsail & so. Latter part some better & we made a little sail but did not keep it set long for it blew a gale & rainy & so

Tuesday September 8-1808

The first part of these 24 hours blowing a gale from the N. W. & we are under close reef topsails. Middle part blowing a gale from the N. E. & we were under a close reef main topsail & lying too & so. Latter part the same blowing & squally & so

Wednesday September 9-1808

The first part of these 24 hours blowing a gale from the N. E. & we were under short sail & so. Middle part it moderated & we made some sail & so. Latter part about the same & we made a little more sail & so. Middle part N. E. wind from S. E. & so
