Saturday January 9th

Rejoice with those who rejoice, and weep with those who weep.

Signature 1894

Began with tolerably agreeable warm
weather from the E. till about 1 P.M.
S.S. & like the S.W. wind. I prepared
for the worst weather, but it was mild and
at last pleasant. In the E.S. and S.E.

Longitude 159.30. E.

March 13, January 10th

Begin with Malaga breezes in Mass
more than from the S. E. ship heading to
the S. W. spoke the wind of S. W. and
C. from the North and came latter part
breeze. With her 855828.

Latitude 33.58 N.

Wednesday January 11th

Boys with hook & frozen and blown to
weather from the S.W. across S. G. bridge
in Mendocino's mill. To have 1/2 hour
latter part course E. & S.

Little Brook
