

Ship Clemaid of New London 1837  
we got before the wind the chain parted hurt the  
mole and one more very bad had to let the Ship  
come too put the chain on a gain and have all aboard  
and drifted down to the whale pass the line to the  
Ship but blowing so fresh took the line then blowing  
so fresh took in all sail and let the whale go down  
cutting the whale parted the chain for it to go  
to wind to cut let stay all night So Ends Lat 40°30'  
Lon 50°20'
