Monday. Begun this day with strong breeze and a heavy
rain. Put a bottle of oil on board ship and cut the lateral
middle part the same latter part more than
so. Bred. Fall 34.11.9

Saturday
Nov 3
To Ends Fall 34.11.9
Convinced this day with light and from the Dr
pleasant Middle part the same Pat. we got
a great number of bright whaley bones str
to hills and back along shore and cut them
in To Ends the day Fall 34.37

Concluded this day with a strong breeze from
the east and finally the clouds heavy again
from the S.W. the latter part the sea

Monday
22nd Commenced this day first moderate weather
the middle part March the winds again the
last part of the day so the wind the fore part
were fresh in light. Lat. 34th 29

Whitening. With the first part of White Turpentine from London
and the rest from the Fair. Take three times as much

Pushing probably to the east
 West of our camp again, and to two the elongated
 from one cut from the other it being supposed that
 and latter part the same as the former. To East

Wednesday
Nov 7
Began this day with hard gale from S.W. and clear
and plenty of whales Middle and latter part the
same To End Path 34.45 Ing 58.00

Thursday
Nov 8
Began this day with hard gale, but plenty of white
middle part, heavy. Later part became fog clearing
then a calm like today, but no wind and not heavy.
Go to bed. Lat 34.30 Long 58.20

90.0000 Lat 34.39 Long 38.21
 Commenced this day with fair gales from the N. W.
 Generally middle and better part the day
 90.0000 Lat 34.30

Saturday
 Feb 10
 P

First part of these begins with hard frosts
 the 1st and equally middle and latter
 part the same with plenty of white frost.

Sunday
Nov 11

part the same Saw plenty of Whales Part 34
Commenced this day with eight boats with a har-
poles Shovel on side plenty of Whales smaller
than, along the Middle and better part the
at the former Break a calf cut from line. Part
Part 34 p. 38.00

Monday
Nov 12
Commenced this day with calm weather. Sailed
about the middle past carried sail to the point
The latter part ~~calm~~ light. Wind 34-55
Temp 60-70

Wednesday
Begin this day with hard gales from the E by N
Equally after the Margaret & W. B. and we
were whole bark some whaling appears working
to the Southward Middle and Cape part the Nov.
to endy Lett 34-65 Gung 60-100

Wednesday Commenced this day with hard gales the middle part more moderate the latter part the same still I believe feared did not get quite full a plenty of
fin & back of the Bay Oct 31. 3 p. South

When they
see it
The first part of these twenty four hours begin to
lighten from the Pratt and Pleasant Pass and
hold her and took her along side and cut her in the
middle and after part the same day and the
two and half days before the Pratt
