I see my bill has all fell through
So ill fill the page and let it go
What is the use for me to charge
Still that make my bill small or large
But when the time comes for to pay
I ask how much and they do say
A mere trifle never mind
Come to tomorrow and your bill we'll find
But come you must buy some clothes
To appear as decent as other folks do
And first I know I am all dressed
In blue cloth coat and muscels vest
Gaiters boots and white kid gloves
And a white kerchief in my pocket he shows
How I am rigged so ant I go
Along now rigging for to show
Next day I goes to pay my bill
And he is figuring with a quill
In this state you'll find you do
There 20 cents belongs to you
