

Ship Courier of Dorchester from Boston cruising in

Remains on board Tuesday Nov 11th 1853

SSW

commenced with strong breezes and
a high sea saw two whales leeward;
two boats started in and further
come on board saw one whale
leeward; got first and saw
at daylight two in sail and
headed to the N. one sail in
sight

Middle feared the pain
and my left hand said
our ship is right

8

Letter found the same
to one ^{place} as
plenty of pumpkins back for back
and hard up right
some of the whig's kind

Remarks on board the Day Nov 12th

commenced with fresh breezes
plenty of fish taken in sight
at noon we saw a solitary
bonaparte eagle not far
back in the gullard sail and
saw the water.

Must pay the fare
at day light either all hands

Letter had the same employee in
chambers here at 11 AM said a whale
dressed get paid and told the ling and
four more so ends this day

Leaf 33.13

the South Atlantic Ocean for whales Wilnot Luce Master

Winds Remarks in loan? Thurs Nov 13 1854

SS 9

Commenced with fine weather
brought aboard, and a gun on board
and killed up and 5 lbs. of a whale
brought aboard and got the
at sun and took in the gull and sail
and got the patch
Savon Ocean in view

Indian Ocean in view

~~At the~~ page the same
id say light red the top galland
said

S.W.

Latter part fresh broods
saw plenty of fin backs
so end's this day, dull times
you will think
