Dec 5 1902

Sat 5. This day begins with moderate winds from the South one boat after Elephant on the ship engaged boiling so ends the day

Sunday 6 This day begins with fresh westerly winds began boiling all hands on board latter part rain and strong wind

Monday 7 This day begins with strong winds from the West also cold & cold washed first part down the ship's hold latter part light rain but wind light all hands on board " " " "

Tues 8. This day begins with fresh West winds one boat after Elephant also on the ship stowing down oil latter part moderate

Wed 9. This day begins & ends with very light weather from the West 2 two boats after Elephant also boiled on the ship " " "

Thurs 10 This day begins with strong westerly wind stowed down 50 barrels also got 6 six cask of water and took on board the Cask we had on shore latter part calm

Friday 11. This day begins with calm weather then the starboard up to the bows then got the boat from ashore at 12 o'clock light wind. Decided to wait for a more favorable time to go out so sent one boat to see if there was any Elephant but found only one as they are all cleaned out from here latter part wind west. This is the place for a large vessel to get Elephant
