

Sat 11. June 1921

This day we have had very fine whaling weather. Seen an ignorant steamer chasing sea cow. Steamer steering into the west nothing new to day in the shape of a whale. Lat 31.40 Long 50.25 West

Sunday 12. This day begins with calm & very heavy rain about all day. Seen with all sail furled at 3 PM breeze springing up from the south west with some sail and steered into the S.W. East no doing.

Mon 13. June. This day begins with strong winds from the S. West also a heavy sea running. Should we have been having a very heavy gale. See 2 two steamers steering to the S.W. West at sund the wind moderated a little. Such weather for the month of June. Lat 32.17 Long 49.25 W

Tues 14. To day begins with wind from the N.W. West quite good whaling weather. Seen steering into the East at 1 hour PM change the course to South East. See dolphin & birds also lots of clicks. Lat 32.07 Long 49.15 W
