

November the 12 at 10 1365 Monday
watch on shore and the ship the Oscar back
on fire at

Wednesday the 13
in the morning watch went on shore in Sore
got bread of the bakery let her have boat

Wednesday the 14
watch went on shore there showed on 87 lbs of oil
Thursday the 15
on liberty nothing remarkable happened

Friday the 16
watch on shore plenty of rain frequent squalls
of rain

Saturday the 17
watch on shore no end to the rain in the
night heavy claps of thunder the lightening thick
the willows split the mainmast again top
of mast fore royal mast

Sunday the 18
on liberty rainbow came in

Monday the 19
all hands on board getting water being bone
painting ship

Tuesday the 20
in the morning getting bone on deck string
up sheets

Wednesday the 21
getting water

Thursday the 22
watch went on shore and got my little
charge from ship doctor and

Friday the 23
went on shore and back as before
and saw no the sea have no the
in sight

Saturday the 24
in the morning the sea was
in sight. break out trees

1855 December the 9 Sunday

Today on watch 4 men I spent good deal
money I have shined on board B. H. H. H.
came work on the eight first day don't get
along very well made away with some money
may god help me home I saw benjamin
macomber with him guided by Charles piers
James gifford James H. Butts

Sunday the 16
during the past week taking cargo
we have got her full and nearly
up for sea time. S. A. R. D. and Sam
have sick A large ship good deal to do

Sunday the 23
still in the harbor of Honolulu
set in up rising and could make
of her kind of work I have got in to
beard time again for the by wind
and could not get out long to get home
the day are heard. I wish it was out of the
ship

Monday the 24
this day got underway and left water
and properly the ship made all
sail had 8 standing sails three
bay also stowed the anchors

Tuesday the 25
stowed down the cable at her
shells the light was on

Wednesday the 26
this day wet but sun to rain
sky sail aloft the captain is very
wreath make fine weather

Thursday the 27
this day proved pleasant
geographical parts were sail in sight
making small headway
