

1903

Bark Gay Head

Monday Aug 17th

Come in with moderate breezes from S.W.
At 3-30 lowered our Boats for a Right Whale
soon I struck him to my Boat and at 6 P.M.
had Whale to ship

Lat 57-14

Long 168-21

Friday Aug 21st

Come in with calm most of the day. At about
sundown lowered our Boats for a Right Whale
but did not see him again

Lat 57-14

Long 169-07

Sunday Aug 23rd

Come in with fresh breezes from S.W. At
8 A.M. lowered our Boats for a gam of
Right Whales. At 3 P.M. the Eldridge struck
one to his Boat and at sundown had Whale
to Ship

Lat 57-10

Long 168-23

Sunday Aug 30th

Come in with fresh breezes from S.W. At 8 A.M.
lowered our boats for two Right Whales. Soon
the Joseph struck one to his boat.

Lat 57-15

Long 168-20

Monday Sept 7th

Come in with fresh breezes and fog squalls
At 12-30 lowered three boats for two Right
Whales but they was very cunning. Come in
thick so come to Ship

Lat 57-28

Long 168-53

1903

Charles W. Fisher Master

Tuesday Sept 8th

Come in with moderate breezes from N.W.
To day have lowered our boats twice for Right
Whales. The ship had a nice large Whale
shut upon just before sundown

Lat 57-12

Long 168-40

Thursday Sept 10th

Come in with fresh to strong breezes from
N.W. To day we saw Whales twice and lowered
the first time but whale acted bad and started
off. The other Whale saw the ship and went
to windward fast

Lat 57-00

Long 168-30

Saturday Sept 12th

Come in with fresh gale from S.W.
Since we left Unalaska we have had bad
weather for whaling

Friday Sept 15th

Come in with moderate gale from N.W.
At 4 P.M. raised a Right Whale going quick
to windward did not lower

Lat 56-08

Long 167-13

Tuesday Sept 22nd

Come in with fine weather and St George
in sight found Chron to be to far to the
westward 23 miles so therefore all the
Whales we have seen have been that distance
farther to the east. Long miles.
