

Bark Gay Head

Tuesday Sept 29th

Stoto

Come in with fresh breezes from South
And at sundown the Island of St. George
bears S.W. eight miles off. To day we
start for Frisco with chronometers all
correct. & make a guess that we will
arrive there on the 21st of Oct.

Monday Oct 5th

Come in with strong breeze from S.W. and
steering course S.S.W. for the 72° Pass And at
10. P.M. had passed through the pass and saw
no land on either side

Tuesday Oct 13th

Come in with strong breeze from E. & E.
And can not go our course. We are however
about half way to Frisco and we are all in
hopes to soon get a fair wind to drive us
along on our course

Lat 44-05-

Long 150-00

Sunday Oct 18th

Come in with light breezes from South
And steering course E x S. We are to day
790 miles from Frisco And hoping for a good
breeze and fair so that our passage will
be a quick one to Frisco

Wednesday Oct 21st

Come in with light breezes from S.S.W.
And can not go our course. To day we bundled
our home 25 bundles weighing 2450 lbs.
To day we are 600 miles from Frisco

Bark Gay Head

Sunday Oct 25th

Come in with fresh breeze from South.
And can not go on our course. This passage
we have had southerly winds most of the
way and makes our passage a long one
To day we are 480 miles from Frisco

Lat 41-02

Long 132-53

Tuesday Oct 27th

Come in with moderate breeze from S.S.W.
And steering our course to by S. At 3. P.M. to
day we was 302 miles from Faralones

Lat 40-00

Long 139-26

Thursday Oct 29th

Come in with strong breeze from E. & E.W.
And steering course for Point Reyes and at
6. P.M. raised the light And we are now in
hopes to soon get a Tow Boat

Friday Oct 30th

Anchored at 5. P.M. off of San Francisco

Saturday Oct 31st

Started for home

Thursday Nov 5th
