Light breeze from S.E. Course
W.S.W.

Later Calms with a heavy swell
from south

Later thick & Rainy

Light rain all round compass
at Eve light rain from S.W.

on Deck

Lat. 57.25 Long 78.20

February 3, 1811

Have had a fine run since sailing
Cape Horn now want a wind
from S.W. There all night
I think we shall get
from that quarter before long
The Ship Kibwana is now
I can't think the weather
thick and cloudy with
swell from W

Wednesday 6th
This day starting we
W to S.W. Ship on Deck
in the afternoon winds
with Squalls Course W
tack in main top gailens
1 reef in S top sail here

Lat 56.00 Long 78.15

Monday 9th For the last
hours have had the wind
Calms with Squalls of rain
a great swell from south
for the last 24 hours
the wind from S.W. to W
at 6 P.M. wind from N.W.
and rainy tack Ship to W

Lat 57.50 Long 78.40
