

5<sup>th</sup> Monday June 25<sup>th</sup> 52

This day I saw and got a whale  
at 6 P M finished cutting stock  
fog at 7 got by watches this fog

Lat 63.40 Long 178.00

July the 1<sup>st</sup> Day 1852

Have had for the last 4  
days the wind from N.E.  
blowing fresh with rain no  
whales to be seen but a plenty  
of ships I have been here  
my pits and here have  
at work putting in another  
one have got no time  
to lay bricks with

Remarks Wednesday July 7<sup>th</sup>  
Have been in must whale for the  
last 6 days, have struck 4 and  
got 2 of them there has been  
a plenty of whales for the last  
week and a plenty of ships  
and good weather here I hope  
it will continue to be so  
I have 2 noble whales in  
my blubber room, once a day  
with strong wind from  
S.E.

Lat is 63.10  
Long 177.10 W.D.

the day A. C. C.
