

Good Ship Liverpool Remarks

This Day I find myself in want
a plenty of Bowknees and a
plenty of Ship a ports of them
Seems to be a doing a good
business the others rather
thin I arrived here direct
from the lot of 64.20 which
was on the 23 of this month
this day is the 26 I have taken
3 whales for the last 3 days
one of them I should think
will make 200 bls I have just
got through cutting and feel
very tired there is a boat in
Ship in side have had fine weather
for the last 4 days

My Lat is 68.12
Long 169.06
a plenty of whales

Aug 27 Thick weather I now commence
by an on woodles of laborer
the weather thick with rain all
have employ in boyling & stowing
down

Remarks Sept 2.
from the 27 of Aug up to this
have had thick weather I have
just got through boyling and
stowing down and there is
a plenty of Bowknees in side
a gain I have seen several
Ship quit a whale but none
my self but still live in
hopes

Lat 68.30 Long 170
this is the rate for Larry
for Bowknees

Aug 21st 1852

Sept 3. Whaler man on board
2400 bls of oil in hogs to quit
6 hundred bls made and
go home

Remarks Friday 4 Moderate gales
from S. & thick weather we
put work employ in scraping
bone & setting up stoves at
5 PM wore sleep to 11 at 8
Moderate and a clear sky in
the P.M. I am in hopes to quit a
whale soon

Lat 68.30
Long 169.06 about

Remarks Sept 5th 1852
I have seen but a few whales
and

for the week
What I have seen here
has as wild as March birds
haunting but ship in side
all the time the weather is
quitting hot and I am
almost sick with a cold
and think to be having soon
for better weather
hard on the whale and none
the yards but the ship & C.
the way the gas
my
