

Careg one in Lat 1350 Long 81.00 July 29, 1863

on the 28 of Oct 1862  
arrived into Yambas by the  
10 day then up to Paty  
Left Paty to hunt the 20th  
of Nov and since that time have  
been cruising from the Lat 12  
Long 86 to Lat 13.40 to Long 81.00  
Now it is July 29, Lat 14.20 Long 80.45  
have seen no whales since  
as yet I shall leave her soon  
for South

Friday 27 of February, 1863

Lat 86.25 Long 33.35 - bound  
to Massapuro. I have had a long  
passage from Colpo ground to  
here. May I have the winds from  
East into a trade No whales to be  
seen if I could get a whale it would  
be better to us all

arrived at Massapuro Mch 4, 1863  
on the 11. saw a sperm whale going to  
windward and shot her for him  
now it is the 15. of Mch and there is  
about 10. ships here all in site of  
Massapuro

Friday May 22 1863

Commence with light winds from  
NE Course SW by compass all sail  
out at 2 P.M. Set the Mizzen topmast  
down on deck  
Made fast strong winds from  
NE and stick weather at 5 in  
the morning the wind hauled to  
the SE and commenced to blow a  
gale took in sail down to a  
close reef Main top sail and  
 foresail hove the ship to heading  
S.W. at Mercedon blowing a  
very heavy gale To Enos  
M O

Departed Saturday 23 May  
Commence with heavy heavy gales  
from SE ship hove to on Lashona  
took at 2 P.M. the wind let go  
all at once down to a dead calm  
the ship rolling and tumbling very badly  
at 3 P.M. the wind sprang up  
a gain from the same quarter and  
in one hour time the wind was  
blowing all most a complete hurricane  
the ship lying to under a close reef  
Main top sail and fore topmast  
top sail and fore topmast  
tride the pump found the ship  
had not made any more water  
then usual  
Made fast the wind blowing  
the same and the sea very large  
tride the pump a gain found the ship  
had commenced to leak quite bad
