

21st Commenced with ~~spring~~ weather
I was aroused from my slumbers
this morning to go and help tow
in some barks that had got
adrift and going out to sea
after we came in with one we
went after the other but it
was so near the breakers we
did not think it safe to go
after it so we came ashore again
and stopped until after breakfast
we then went and got the barks
clear of the St Mary's dock
then ashore unrove the lashings
and rolled them up on the beach

29th Commenced with fair weather I
went aboard of the St Mary's
to work this morning
and in the afternoon I went
time they wanted to send
our bread out but the men
told the Captain that they
wanted to eat their bread
which he told them if they
could not eat aboard he did
not want them to starve
so we all came ashore and
got breakfast after we
got through breakfast the
Captain asked us if we were
going to work we told
him that were not unless
he would give more wages
he told us that we must
another boarding house
so he discharged all except
myself I went to work again
this afternoon
